

Service Delivery SOP - Calibrate Media

Cadence

- Monday: Plan sprint and confirm priorities
- Tuesday-Thursday: Build and implement
- Friday: QA, documentation, client update

Workflow

1. Capture requirement
2. Define outcome and acceptance criteria
3. Implement in staging or sandbox
4. QA against criteria
5. Document SOP and ownership
6. Roll out and monitor

Quality checklist

- Owner assigned
- Trigger and output defined
- Error handling defined
- Documentation complete
- Client sign-off recorded
